Dedication

From Seekonk High School and the yearbook staff, we would like to extend our heartfelt gratitude to our three retirees. We wish you the very best as you move on to this new chapter of your lives and dedicate the 2015 yearbook to you!

This year, we decided to have the retiring teachers say their goodbyes to our SHS family by having them fill out an information sheet similar to that which the seniors fill out. Here is what they had to say...

Subjects taught: Algebra 1 & 2, Geometry, Advanced Algebra, SAT Prep, Calculus, and AP Calculus

Total years teaching: 43

Years at Seekonk: 10

Favorite Memory teaching at Seekonk: The unannounced color themes and next-door neighbors in the math department, extra help in room 236, MTEL's study sessions on the porch, Math Team's practice sessions and beating Case, AP Calculus study sessions, the geeky t-shirts and cafeteria food at the WPI Math Invitational, National Honor Society folders, MCAS summer prep, when alumni return to visit, spirit week, homecoming dances, dodgeball tournaments, proms, and graduations.

What will you miss the most?: I will miss the students. The students have always made me feel young. I will also miss the members of the Math Team. It was so enjoyable to work with such caring professional people. I hope to keep in touch with them.

Future Plans: I have not made any definite future plans. I am open to and looking forward to new experiences. I hope to do some traveling and spending quality time with my family.

Final goodbye to Seekonk?: I just want to say thank you to the past and present students I have had the pleasure of teaching. You have made my ten years at Seekonk High School most ænjoyable. The ten years went like a blink of an eye.

Kathleen B. Lord

Carlos Isidoro

Subjects taught: Portuguese, French
Total years teaching: 39
Years at Seekonk: 25
Favorite Memory teaching at Seekonk:
To see young students after they graduate, talk about old memories and finding out that they are doing well and suceeding in their endeavors.
What will you miss the most?:
I will miss my colleagues and working with the nice students and watching them grow.
Future plans:
I plan to travel and spend more time in Portugal, and more quality time with my parents and family.
Final goodbye to Seekonk?:
Merci, gracias, obrigado Seekonk.

Subjects taught: Visual Arts
Total years teaching: 36
Years at Seekonk: 30
Favorite Memory teaching at Seekonk: My favorite memory was expanding the walls of my classroom at Seekonk High School, by leading numerous trips to Europe. Travel awakens the senses and mind to different cultures like no other experience. Even decades later, I have had students tell me how important and life changing the trips were for them. They created unforgettable memories which allowed them to want to explore and expand their life experiences. At the end of each trip we had a "sharing", where each person spoke of their favorite experience on the trip. That sharing brought me new insight of my students. I have always encompassed the precept that art is a living entity and I most enjoyed sharing my love of art with all of my students.
What will you miss the most?: Interacting with the students is what I will miss the most. Everyday was a new experience and it was never boring. There did not exist a day, where I was not happy to be teaching. When I think about my career, the places I have been, the schools that I have worked in.... I truly feel like I won The Lottery!
Future Plans: I am not retiring....
I am "changing direction". I will have more time to explore different avenues in art. Recently, I took up Nantucket Basket weaving, which is very challenging. Also, I plan on having more time for plein air painting. Coastal scenes are a favorite.

Ethan,
You are a farmer, a mechanic, a future soldier and now a high school graduate. More importantly you are my brother and there is nothing I would change about that. Congratulations.
Love, Evan

Ethan

This day came faster than I had expected. I do not think I was ever fully prepared for your graduation or your future dreams to serve our country. You, however, have been preparing yourself for this adventure since you scaled your first fence at less than 2 years old, climbed the gym building in kindergarten or when you tied yourself off at the edge of a 1,253 foot drop on Sabattus Mountain, just because you wanted to see the ground.
All your bumps, bruises, stitches and broken bones have a unique story and we have survived it all. Your eagerness, energy, and excitement have assured me that you possess the natural elements it will take, to carry out your dreams. You have become a responsible, trustworthy, selfless, honorable and loving man. We are all lucky to have experienced a piece of you.
Never accept defeat, never quit, and never forget how proud I am of you.

Love, Mom

Ethan,

Amanda,

You will always be our "PRECIOUS" Angell.

We have to admit, you have come a long way over the years. Through the ups and downs, you have managed to take what you have learned and have applied it to your life, growing into the beautiful responsible young woman that you are. We are beyond proud to call you our daughter. You should take pride in how far you have come and have faith in how far you can go from here!

We look at you and wonder where have all the years gone? We still remember the days that you would blame "bear" for everything gone wrong. Thank God you finally learned to take responsibility for yourself. ;)

Today is the beginning of a new chapter of your life, live it to the fullest! "Always remember you are BRAVER than you believe STRONGER than you seem SMARTER than you think and LOVED more than you know" !!!

DREAM BIG AND NEVERRRR GIVE UP....

Listen for God's voice in everything you do, and everywhere you go, he is the one that will keep you on track.

Congratulations on your graduation!

Love you always,

Mom, Dad, and Andrew

Amanda
It's been an incredible experience watching you grow into the beautiful, strong, amazing woman you are today. Although I can't believe how quickly it's happened, I couldn't be more proud of who you've become. You're one of the kindest, funniest people I know- and I'm lucky to be able to call you my sister and my best friend. Try your best at everything, laugh easily, love freely and know that the only thing you'll ever have to decide is what to do with the time you've been given. Your life is a precious gift, and it's completely up to you how you'll spend it. And as you go through life, always remember that you and I are sisters, and if you fall, I will always be there to pick you up, as soon as I finish laughing!!

Love Always,
Diana

Ian,
May you always soar to newer heights!

Mom and Dad

Without a shadow of a doubt the day that you were born was the happiest day of our lives, and every day that we get to spend with you is a blessing.

We sure had hopes and dreams for you, but you have surpassed them all.

Now that you are an adult we look back and wish that we had the opportunity to spend more time with you, but we hope that you know that you were and will always be the most important people in our lives.

We are so extremely proud of the men that you have become and the choices that you have made in your lives so far. We know that there is a bright future ahead for both of you.

Congratulations!
We love you Brandon & Jonathan

All my love, Grandpa

Our Dearest Jaime (old soul),

As I looked at you on your first day of kindergarten,
I pictured this day in my mind and thought that it was
so far away, and that there would be plenty of time
for planning and preparing myself for your
graduating high school and going off to college...
Well, time has flown and now here we are!
Where has the time gone?
It has been an honor and a privilege to be
your parent and to watch you grow and transform
into a young, beautiful, talented, determined,
headstrong, caring, loving adult.
Our love for you is bigger than the sky!

Congratulations to the Class of 2015!
